

PAINTING CONTRACTORS ASSOCIATION

Those interested in moving to the Advisory Council model may do so by discussing the options with PDCA National. If this model is appealing, the transformation process involves:

- Close all bank accounts
- Funds are deposited into an Advisory Council specific fund within PDCA Educational Foundation within the given service area (PDCA Educational Foundation is a 501(c)3 corporation independent of PDCA National)
- Funds established with PDCA Educational Foundation will be available for use by the local Advisory Council solely for charitable, literary and educational purposes.
- File final IRS 990 indicating a final return
- Close your business account (EIN number)
- Cancel State Charter
- Notify members the corporation has been transformed into an Advisory Council

Once the transformation is complete the Advisory Council will offer the following:

- Marketing/Promotions
- Communications/Calling Campaigns
- Logistics/Planning
- Calendar planning for events
- Registration and event setup on the website
- Help using National Resources for education for events
