

# EPA Lead Renovator Training

Thursday, February 11, 2010

Are you prepared?

Beginning in April 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities, and schools built before 1978 must be certified and must follow specific work practices to prevent lead contamination. The new rule implements major fines for non-compliance.

Firms performing renovations must ensure that: All individuals performing activities that disturb painted surfaces on behalf of the firm are either Certified Renovators or have been trained by a Certified Renovator, and a Certified Renovator is assigned to each renovation and performs all of the certified renovator responsibilities.

To become a Certified Renovator an individual must successfully complete an eight-hour initial renovator training course offered by an accredited training provider.

More information and helpful links available at [www.pdcaz.org/lead](http://www.pdcaz.org/lead)

### LOCATION

Hyatt Regency Phoenix  
122 North Second Street Rm 312  
Phoenix, Arizona 85004
